

# Siblings!

Rocio Bonilla

My sister  
is a rhino.

I don't like my sister.

Every Monday and Wednesday, after school,  
we go back home together.  
She makes me take her by the hand all the time.

She makes me feel little.

And I'm not so little.  
I can do things like big siblings.  
For example, I can use scissors skilfully  
and I'm careful not to cut myself...

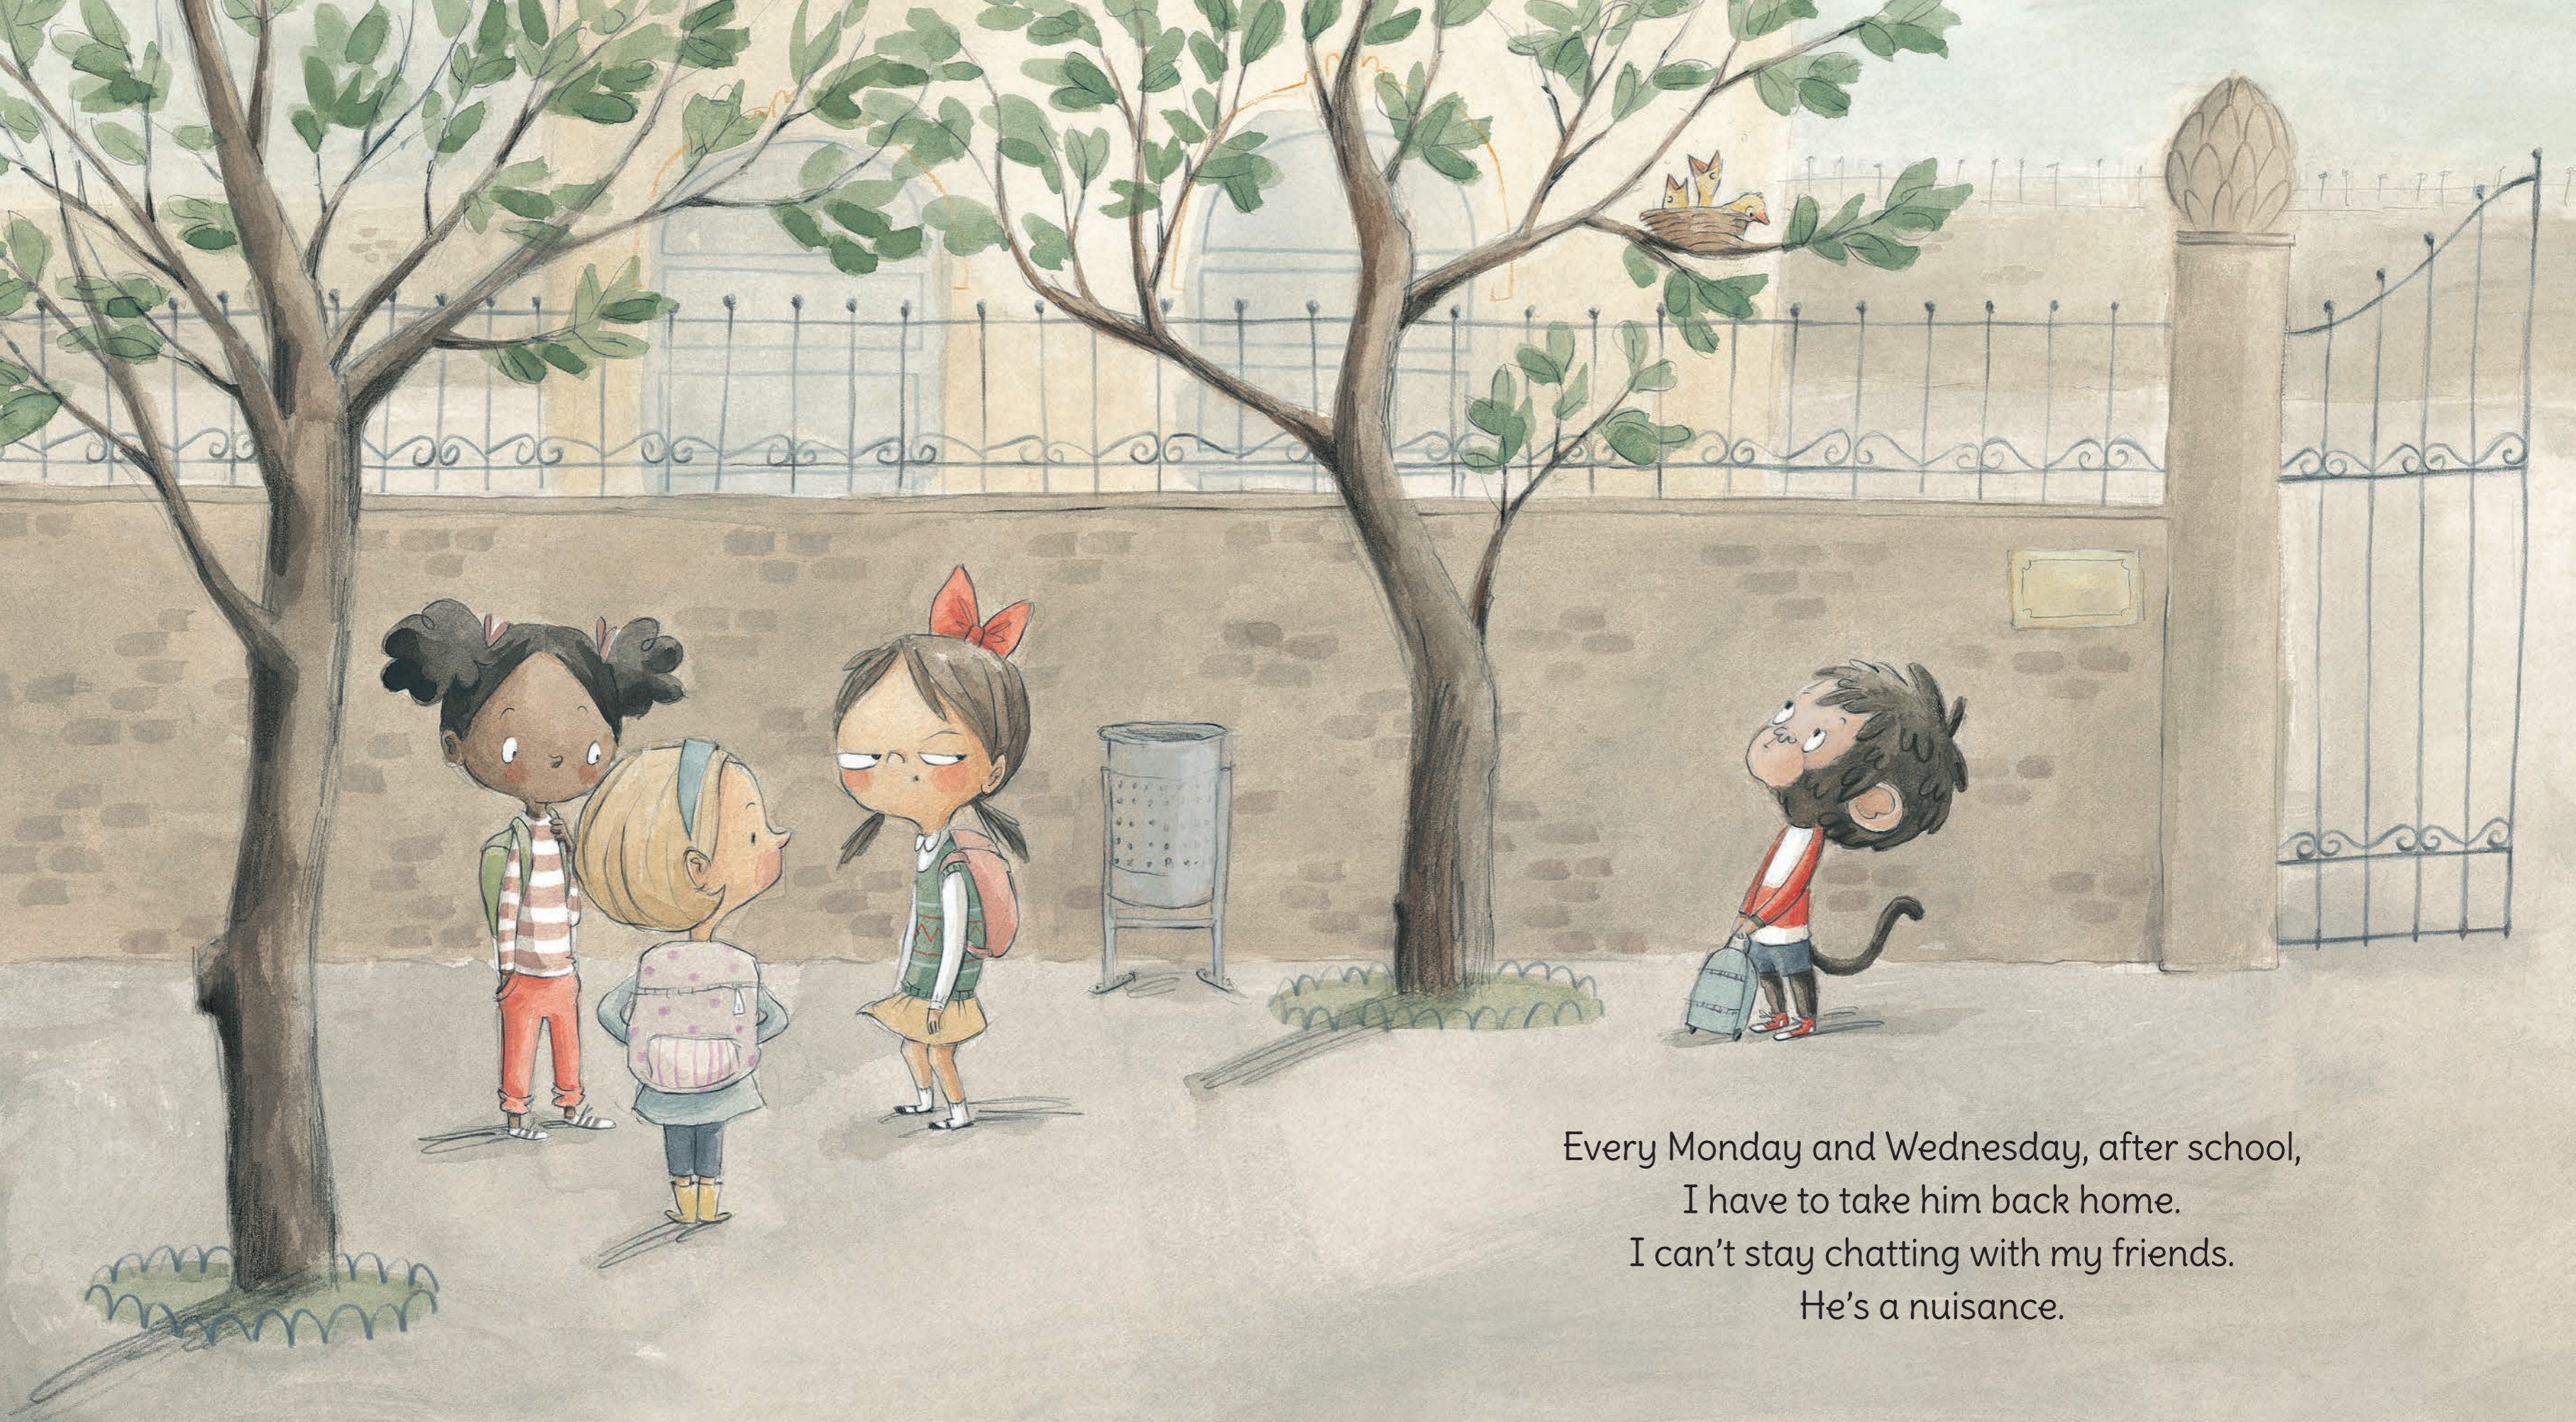

# Siblings!

I don't like my brother.

Every Monday and Wednesday, after school,  
I have to take him back home.  
I can't stay chatting with my friends.  
He's a nuisance.

He always touches my things.

He breaks everything!
